

An impressionist painting of a landscape. The sky is a vibrant blue with dark, silhouetted birds in flight. The foreground is dominated by a field of golden-yellow and brown brushstrokes, suggesting tall grass or a field of flowers. The overall style is expressive and textured, with visible brushwork throughout.

Art school doesn't always prepare creatives for the real-world challenges they'll face in their careers. This can lead to feelings of being misunderstood, slow down careers, or even increased risk of burnout.

"Being Creative is the Easy Part" provides valuable insights into the creative process and tackles common challenges such as client interactions, time and financial management. The book covers unconventional yet crucial topics, such as the potential negative impact of excessive focus on artistry, the predictability of client behavior, misconceptions about time management, the downside of over-emphasizing efficiency, undervaluing creative work, and the benefits of setting boundaries.

The book aims to empower creatives to lead happier, healthier, and more successful careers by addressing these concepts.

### Rey Node

Rey Node dropped out of two art schools before co-founding a creative agency in 2008. He worked with local mom-and-pop stores, global mega brands, and struggling start-ups. In December 2022, he left the agency to pursue more freedom to create. One of his first solo projects is this book: the culmination of every mistake he made during his 15 years of leading the agency, and more importantly, what he learned from fixing them.

Good services don't happen by accident, and neither do bad ones. Designing a service that works for users and organizations is just the first step. The real challenge begins when that design is turned into reality.

"Bad Services" delves into common obstacles. From organizational silos and risk aversion to a lack of buy-in, the barriers can seem insurmountable. This book helps you understand why service design often fails to be implemented and provides practical solutions to overcome these challenges. In "Bad Services," the author explores the universal difficulties faced when trying to deliver effective services. You'll learn how to identify the root causes of these issues and how to address them effectively.

Whether you're a designer or a change-maker, this book offers clear and straightforward steps to overcome the barriers to good service delivery.

## SENSES OF ARCHITECTURE

USING THE SENSES TO ENHANCE ARCHITECTURAL EXPERIENCE

9789063697242  
October 2024  
€ 24.99  
  
Paperback  
200 x 144 mm  
220 Pages

"Senses of Architecture" is a groundbreaking book that challenges the traditional approach to design by emphasizing the often overlooked senses. It explores how engaging all our senses—touch, smell, sound, and even taste—can enhance our experience of spaces, sparking a new wave of inspiration and intrigue among architects and designers. The book urges architects and designers to awaken these dormant senses, often neglected in modern design, to unlock a deeper understanding and appreciation of spaces.

By moving beyond a purely visual approach, "Senses of Architecture" offers innovative solutions that make structures more dynamic and captivating. "Senses of Architecture" is not just a theoretical exploration, but a practical guide that empowers architects and designers. Through insightful guidance and practical examples, the book equips them with valuable tools for incorporating sensory experiences into architectural projects.

## DESIGN LEADERSHIP CHRONICLES

A GRAPHIC NOVEL ABOUT GROWING ORGANISATIONAL CHANGE

9789063697259  
October 2024  
€ 22.99  
  
Paperback  
240 x 165 mm  
192 Pages

"Design Leadership Chronicles" is a graphic novel that tells the stories of nine design leaders and their approach to organizational change. They all use design to rethink how their respective organizations make decisions and organize work to meet strategic business goals, such as customer-centricity.

The book's objective is to reveal the human side of these leaders rather than offer a step-by-step approach. It explores how they dealt with failures, achieved success, and their learnings along the journey. These stories are deeply contextual, reflecting the unique experiences and challenges faced by design leaders worldwide. Each design leader is highlighted in a dedicated chapter, providing insights into specific periods of their careers. Instead of providing a strict formula, the book aims to inspire readers on how to bring about meaningful change within large organizations.

### Marzia Aricò

Marzia Aricò is a design leader, independent consultant, coach, author, and public speaker. She has dedicated most of her career to enabling organizations to approach and deliver meaningful transformation through design. In today's fast-paced world, finding the space for genuine creativity and collaboration can be challenging.

"Unlock Collective Genius" is a practical guide designed to help you foster meaningful and productive creative sessions. Whether you're a student, entrepreneur, or part of an organization, this approach to making space will revolutionize your collaboration methods. Every encounter is enhanced by deliberately creating an environment where people can truly listen, build on each other's ideas, and explore new possibilities with curiosity and enthusiasm. This book provides both a mindset and a skillset for creating such conditions, allowing for deeper connections, expansive thinking, and fearless co-creation.

"Unlock Collective Genius" is not just a one-time read; it's a lifestyle guide meant to inspire and support you continuously on your journey.

### Alwin Put

Alwin Put, founder of Captains of Leadership, is an experienced expert in design thinking and facilitative leadership. Renowned for his ability to lead transformative workshops, Alwin has worked extensively with corporate organizations, helping them unlock their creativity and solve complex challenges. He specializes in training leadership skills and facilitating co-creation processes. As the author of "Captains of Leadership" and "Unlock Collective Genius," he inspires a culture of collaboration, innovation, and co-creation.

Designers in public organizations face the challenges of managing influential stakeholders, shifting priorities, and the complexities of drafting and implementing policy. Often, they lack the headspace to think deeply about designing for effective public engagement. "Conversational Design" helps designers within public and social organizations improve co-design and informed decision making practices.

The book offers practical tools and case studies to stimulate participation and foster better conversations, all aimed at achieving shared goals. It also provides a fresh perspective on consolidating data from civic conversations into actionable insights for policymakers. This critical, often overlooked step ensures that citizen voices have a stronger impact on design and policymaking processes. By presenting a novel understanding of design, this book serves both practitioners and scholars of design, as well as professionals in related fields that use objects and tools to shape social situations.

### Michael Arnold Mages

Michael Arnold Mages is an Assistant Professor of Experience Design and Information Design/Data Visualization at Northeastern University. He has designed and developed conversationally oriented software and online communities since 2002 and holds a PhD in Design from Carnegie Mellon University.

Dit boek onthult de mentale geheimen van 's werelds beste atleten.

Het biedt 75 lessen uit de topsport, voor jong én oud: om je optimaal voor te bereiden, te presteren als het moet, en te herstellen als je dat hebt verdiend. Leer van Michael Jordans schoen, de tong van Boris Becker en de zwembril van Michael Phelps. Haal inspiratie uit een lachende Roger Federer, en ontdek wat talloze sportpsychologen en -wetenschappers over topsport te weten zijn gekomen. Zo kun je beter yoghurt over je hoofd gieten als je succes wil hebben, en heeft een winnend schip niet 1, maar 4 kapiteins nodig.

Dit boek is handig bij je eerste baan, een lastig tentamen, als je leiding moet geven en niet weet hoe, of gewoon wil profiteren van lessen uit de topsport. Elke les is meervoudig getest door de auteur in de praktijk en kan worden toegepast binnen én buiten de sportarena.

## THE WORLD OF OSCAR WILDE

A 1000-PIECE DISCWORLD JIGSAW PUZZLE

9781399620017  
October 2024  
€ 23.99  
Puzzle  
269 x 269 mm  
1000 Pieces

Can you help Miss Marple solve the latest crime to be committed in the picturesque village of St Mary Mead?

You might need to use her trusty binoculars to spot all the clues in this garden-party scene, where more than one murder weapon is hidden amongst the tea, cakes and distinguished guests. Find all your favourite characters in this intricate jigsaw that references every one of Agatha Christie's beloved Miss Marple novels.

Step into the 19th century as you piece together the world of the Irish wit, poet, and dramatist Oscar Wilde.

Spot scenes from "The Picture of Dorian Gray" and "The Importance of Being Earnest" alongside figures from Wilde's life as you learn about his involvement in the Aesthetic movement, which argued for - art for art's sake.

Includes a Pull-out Poster so you can spot all the characters and read their stories. This 1000-piece puzzle makes a perfect gift for fans of Oscar Wilde and his work.

Unearth the scientific, cultural and fantastical properties of mushrooms. Fungi are the foundation upon which a healthy ecosystem is based; they're essential to the growth and success of our planet and yet many people barely know a porcini from a portobello, or a chestnut from a shiitake - and that's just the edible ones.

With these 50 reference cards and accompanying poster, explore the world of mushrooms beyond what's in your kitchen and discover the incredible diversity of their roles in ecosystems around the world.

This deck celebrates and gives an insight into this fascinating kingdom of fungi.

Discover 50 groundbreaking female photographers and how to incorporate their styles and techniques into your own photography.

Often in the shadow of their male counterparts, these inspirational women developed new techniques, created their own signature styles and captured everything from war to fashion. From early pioneers to contemporary leaders, they paved the way for generations to come and continue to do so, inspiring them to pick up a camera and decide what type of photographer they want to be. Featuring masters of the medium, this book is beautifully illustrated with full-colour images of the photographers and their work.

A brand-new visual odyssey from Accidentally Wes Anderson, authorised by the legendary filmmaker, taking readers on stunning adventures to every continent and sharing oddly moving human tales along the way.

Accidentally Wes Anderson is back with a new book full of incredible real photos that look plucked from the world of Wes Anderson - sharing dozens of idiosyncratic stories that make each place unique. But no matter where or how the adventure unfolds, it's nothing without the people who make it memorable. Here, we share the stories of communities and characters who come to life as vividly as the photos themselves.

The wonder of birds has charmed and inspired poets down the centuries and across the globe. From Shakespeare's "feath'd king" to Ted Hughes "butterfly lightness."

Our emotional and cultural connection to the bird world is captured in 60 of the best-loved poems, which include the work of Percy Shelley, Edgar Allan Poe, Longfellow and Keats. All of them accompanied by beautiful bird illustrations. From the common robin to the soaring eagle, from the chattering parrot to the sinister crow.

This poetry collection will stir the soul of any nature lover.
